LUCIS Software
Version 3.4.4 – Release Notice (r1480) – 6/8/2023

Notices for previous releases can be found on the LUCIS Resources web page

General Release

For network users: notify your network administrator that a LUCIS Update needs to be performed if you do not have network administrative rights to update the LUCIS Software yourself.

Note: This is a minor update from 3.4.4, so the release include the highlights since version 3.4.2

Highlights (since release 3.4.2)

- Added ability to export directly to Excel in the GL Export program
- Added ability to export directly to Excel in GL Account Balance program (trial balance)
- Fixed an issue with properly printing 1099-NEC's in the Payment History program
- Added the current date and time to the Amortization report in the Loan Amortization Calculator
- Modified the tab/enter order when moving through the Bank Reconciliation program
- Added Huntington Bank and Key Bank as option for Positive Pay in the GL Export program.
- Added ability to transmit electronic remittance files from the church to the conference using the new LUCIS SFTP server and the ability use the NAD standard 5-digit Remittance codes.
- Fixed an issue in the GL Ledger Query in Ledger mode, so that when called from the Account query, it shows the beg/end balance field (was hidden in certain conditions)
- Updated the Adventist Entity Query to include newly formed churches and companies per eAdventist.net.
- Fixed a bug that caused the GL Reconciliation program to crash.
- Released all programs related to the new Remittance module

Detail (since release 3.4.2)
